ABOUT OUR COMPANY

Guangzhou Meilin Biotechnology Co., Ltd. is a national high-tech enterprise specializing in the research, development, production, and sales of pet grooming products. It currently boasts a 12,000-square-meter intelligent manufacturing base, featuring an internationally leading fully transparent, enclosed 100,000-grade cleanroom, 12 high-quality and efficient automated production lines, a US-imported medical-grade water purification system, automatic metering and feeding vacuum emulsification equipment, automatic mask filling equipment, automatic cream and lotion filling production lines, and automatic liquid filling production lines. The company has obtained EU GMPC standard certification. It can simultaneously produce more than 50 varieties daily, with a daily filling capacity of over 300,000 units (bottles). The company also has a sophisticated R&D team composed of senior cosmetic research experts, medical professors, doctors, and masters, and has obtained numerous research achievements and patented technologies, and has been awarded the title of one of China's Top 100 Most Popular Beauty Industry Enterprises. We actively explore market trends and the latest consumer needs to ensure that our products are in line with international trends, providing our customers with first-class, cutting-edge products.

- **Target**

To become a leader in the pet care industry.

- **Vision**

Based on a deep understanding of pet care and technological research and development, we strive to provide every pet with a healthy and comfortable life through natural and healthy methods.

- **Core values**

Adhering to the principles of "safety, effectiveness, and health," we help pets enjoy a healthy and clean life through rational formulation and scientific conditioning.

- **Spirit and style**

Persevering and unyielding; acting decisively and swiftly.

Part.2

core competencies

We provide professional one-stop OEM/ODM cosmetic manufacturing services

Collaborating with authoritative institutions to build technological barriers lays a solid foundation for the technology

Expert Team

10+ years of research and development experience
Formulation and technology experts
Regulatory compliance experts
Fragrance development experts

Technical Support

Technical support provided by Oxford Erno
Skin Management Co., Ltd., UK
Globally advanced high-precision testing instruments

Mature R&D technology

2000+ excellent and proven formulas
100+ sample tests and screenings
Over 22+ patented raw materials
Nearly 40+ major imported raw materials
100+ new formulas per year

Certification and Qualifications

Class 100 Cleanroom (CMPC standard)
ISO 22716 Quality Certification

WE HAVE BEST DEVICE

Modern testing system

1. Strict packaging material testing

Before production, the packaging materials undergo rigorous testing according to international standards. The tests include: compressive strength, print quality, sealing performance, resistance to oxygen and light exposure, and compatibility between the packaging material and its contents.

2. A powerful data acquisition system provides comprehensive monitoring.

In every production stage, there are strict operating procedures and corresponding testing instruments. Each quality control point is equipped with advanced video and data acquisition systems for real-time collection and uploading of various production data, allowing for the timely identification and resolution of potential production problems.

3. Advanced experimental equipment ensures strict quality control at every stage.

The laboratory strictly follows the EU COLIPA regulations for quality management of pet grooming products in product development and testing. The testing includes raw material inspection, content testing, compatibility testing between the contents and packaging materials, and microbial challenge testing, encompassing 28 sub-items and lasting 98 days, to ensure product quality stability during transportation, storage, display, and use.

Part.2 Core competencies

advanced equipment

Equipped with modern production lines including automatic filling equipment, automatic filling production lines, automatic liquid filling production lines, automatic tube sealing machines, and single-dose modern production lines.

Vacuum homogenization production

This results in emulsions and creams with excellent dispersion and stability.

Digitalized production line

Utilizing advanced, fully automated digital production lines, the entire packaging process, including automatic bag feeding, opening, weighing, filling, and sealing, can be completed automatically.

Fully automatic filling equipment

The filling and packaging process utilizes a complete set of fully automatic packaging equipment, ensuring smooth operation and high speed.

Pharmaceutical standards

The bottle washing and drying process utilizes a fully automatic, integrated equipment that meets all standard requirements for the pharmaceutical industry.

OUR CERTIFICATE

Part.3

Main product introduction

We provide professional one-stop OEM/ODM cosmetic manufacturing services

Diversified development strategy

"Meilin" adheres to a "concentric diversification" development strategy, focusing on pet shampoo products as its core business. It aims to build a comprehensive pet grooming and care industry chain, achieve international standards in technology and management, and strive to become one of the leading pet grooming product manufacturers globally!

Pet shampoo series

- Hair Restoration Treatment
- Adds volume and softness, leaving hair smooth and manageable.
- Natural plant-based formula, gentle on hair and kind to hands.
- Highly concentrated and economical: 1 bottle equals 4 bottles with a 1:40 dilution ratio.
- Speeds up washing and drying by 30%: rinses quickly and dries faster.
- Superior cleaning power: easily removes oil and dirt.

Pet shampoo series

- Activated by pressing
- The cleansing milk and serum act as carriers for the active ingredients. When mixed, the bio-active substances are activated, resulting in enhanced effectiveness.
- Powerful Cleansing
- Featuring a high-performance trio of surfactants:
- Multiple amino acids + Decyl glucoside + Hydrolyzed keratin (Keramimic 2.0)
- Deep Nourishment
- Contains hyaluronic acid
- and various bio-enzymes and plant extracts.

Magic spray series

- Fur and Skin "Nutrient Solution"
- [Amino acids, arginine, panthenol] Balances pH, nourishes fur and skin, and maintains healthy skin.
- "Oil-free" care, fast-drying and non-greasy formula, dries quickly without stickiness, resists dust, and provides long-lasting protection.
- Natural "plant extracts," including witch hazel extract, various minerals, and vitamins, deeply nourish without irritation

conditioner series

- The water-soluble encapsulation principle breaks through the "efficacy bottleneck" of traditional hair conditioners.
- This new "hair care formula," based on hyaluronic acid, requires no waiting time and leaves skin and hair feeling completely unburdened.
- Based on the powerful moisturizing properties of hyaluronic acid-based formulas.

cleaning solution

- Gentle and skin-friendly, non-irritating, natural herbal formula
- Effectively eliminates mites and maintains healthy ear canals
- The in-ear care process is easy.
- The quick-drying formula effectively reduces bacterial growth.

/// Pet shampoo

【Specification】 480ml

【Main ingredients】 Black tea yeast, oat bran extract, gentian extract, schizophyllan, Corydalis yanhusuo root extract, multiple amino acids, decyl glucoside, hydrolyzed keratin, hyaluronic acid

【Selling points】 Black tea yeast (antioxidant, softens hair, enhances shine); oat bran extract (moisturizes, strengthens, and protects hair); gentian extract (moisturizing, smoothing); Poria cocos extract (prevents hair loss); niacinamide (protects skin); Corydalis yanhusuo root extract (soothes skin, nourishes hair).

【Fragrance type】 Fragrant black tea scent

【effect】

- Antioxidant, softens hair, enhances shine
- Moisturizes, strengthens, and protects hair
- Hydrates and smooths hair
- Soothes the scalp, nourishes hair, and prevents hair loss

Herbal Restorative Shampoo

【Specification】 100ml/500ml/5000ml

【Main ingredients】 Macadamia nut oil, calendula extract, L-ascorbic acid (Vitamin C)

【Selling points】 Macadamia nut oil – promotes hair growth and restores elasticity; Calendula extract – soothes and regulates oil secretion; L-ascorbic acid (Vitamin C) – provides antioxidant protection and restores hair to its healthy state.

【Fragrance type】 Compound blend of rose essential oil, bergamot essential oil, macadamia nut oil, and lavender essential oil.

【effect】

- Natural plant-based formula – Gentle on pet's fur and kind to your hands
- Highly concentrated and economical – 1:40 dilution ratio, 1 bottle $\approx$ 4 bottles of regular shampoo
- Faster washing and drying – Rinses quickly and dries faster
- Superior cleaning power – Removes grease and dirt in one wash

/// Short-haired cat oil-controlling and cleansing shampoo

【Specification】 70ml/300ml/2000ml

【Main ingredients】 Contains ginkgo leaf extract, calendula extract, and L-ascorbic acid (Vitamin C).

【Selling points】 Ginkgo biloba leaf extract (clarifying and moisturizing); Calendula extract (soothes and regulates oil secretion); L-ascorbic acid (antioxidant, restores hair to its healthy state).

【Fragrance type】 Multiple fragrance options

【effect】

- For the cat's skin – quickly removes special oils secreted by the epidermis.
- For the cat's fur – effectively removes the oily coating on the outer layer of the hair.
- Soothes and regulates oil secretion.
- Antioxidant, restoring the healthy essence of the fur.

Grease cleansing no. 1 shampoo

Special for short-haired cats

Simple | safe | efficient

For cat skin

Can quickly remove the special oil secreted by the epidermis

For cat hair

Effectively strips away the oil coating on the outer layer of hair

/// Long-haired cat oil-controlling and cleansing shampoo

【Specification】 70ml/300ml/2000ml

【Main ingredients】 Contains ginkgo leaf extract, calendula extract, and L-ascorbic acid (Vitamin C).

【Selling points】 Contains ginkgo leaf extract (for clear, radiant, and hydrated skin), calendula extract (to soothe and regulate oil secretion), and L-ascorbic acid (for antioxidant protection and restoring hair health).

【Fragrance type】 Multiple fragrance options

【effect】

- For the cat's skin – quickly removes special oils secreted by the epidermis.
- For the cat's fur – effectively removes the oily coating on the outer layer of the fur.
- Soothes and regulates oil secretion.
- Antioxidant, restoring the hair to its healthy state.

Oil Clean Shampoo No.1

/// Magic spray

【Specification】 80ml/200ml

【Selling points】 Daily grooming (leave-in conditioner, anti-static spray, detangling spray, brightening agent, pet fragrance); pre-wash brushing (makes detangling easier and results in cleaner hair after washing); blow-drying and straightening (more efficient and faster).

【Fragrance type】 Multiple fragrance options

【effect】

- Anti-static, brightens hair, eliminates body odor, detangles hair.

/// Elastin

【Specification】 60ml/250ml/1000ml

【Main ingredients】 Deep-sea fish collagen, hydrolyzed wheat protein, L-ascorbic acid (Vitamin C)

【Selling points】 Deep-sea fish collagen (quickly improves hair elasticity and resilience); hydrolyzed wheat protein (effectively restores moisture, quickly improves hair hydration, detangles hair, and provides deep repair); L-ascorbic acid (has penetrating power and antioxidant stability, fundamentally improving hair quality and brightening hair color).

【Fragrance type】 Multiple fragrance options

【effect】

- Improves damaged hair, making it elastic and shiny.
- Quickly detangles, prevents tangling for a long time, and reduces hair loss.
- Replenishes lost moisture, inhibits excess oil secretion, and maintains long-lasting skin moisture and oil balance.

/// Conditioner

【Specification】 40ml/280ml/3750ml

【Selling points】 Rinses clean instantly, leaving no heavy feeling; provides hydration and moisture, with "zero" burden on skin and hair; hair becomes voluminous and moisturized.

【Fragrance type】 Lightly fragrant type

【effect】

- Provides hydration and moisture, leaving hair feeling full and supple.

/// Tear stain powder

【Specification】 20g

【Main ingredients】 Niacinamide, Trehalose, Sodium Hyaluronate, Hydrolyzed Collagen, Centella Asiatica

【Selling points】 Long-lasting 12-hour formula is not only waterproof but also antioxidant; contains niacinamide + trehalose (customized antioxidant formula); sodium hyaluronate + hydrolyzed collagen + centella asiatica (multi-effect nourishment); waterproof silicone elastomer coating technology provides a "raincoat" for the hair, resisting tears and moisture, and providing long-lasting antioxidant protection.

【Fragrance type】 Multiple fragrance options

【effect】

- Effectively isolates tears, effectively modifies tear stains, and provides long-lasting antioxidant protection.
- Multi-effect waterproof formula, preventing hair oxidation.

/// Antibacterial no-rinse foam

【Specification】 50ml/200ml

【Main ingredients】 Niacinamide, peony root extract, feverfew extract, cornflower extract, sodium cocoyl glutamate, Lactobacillus ferment lysate, bamboo vinegar, inulin, Thuja occidentalis leaf extract

【Selling points】 Niacinamide (nourishes hair, reduces oil secretion, and provides antioxidant benefits); Peony root extract (highly moisturizing); Feverfew extract + Cornflower extract (repairs hair and soothes skin); Sodium cocoyl glutamate + Lactobacillus ferment (effectively removes dirt from skin and hair); Bamboo vinegar + Inulin + Thuja orientalis leaf extract (prevents the growth and reproduction of harmful bacteria)

【Fragrance type】 White tea scent/Unscented

【effect】

- Antibacterial and odor-eliminating, highly moisturizing
- Nourishes hair and reduces oil secretion
- Repairs hair and soothes the skin
- Removes dirt from skin and hair, and prevents the growth and reproduction of harmful bacteria

Oil-based makeup remover

【Specification】 50ml/100ml/1000ml

【Main ingredients】 Coconut oil, palm kernel oil, olive oil, camellia seed oil, meadowfoam seed oil, avocado oil butyl ester

【Selling points】 Coconut oil + palm kernel oil + olive fruit oil (oil dissolves oil, quickly dissolving oil and dirt); camellia seed oil + meadowfoam seed oil (moisturizing and nourishing, protecting sensitive skin and building a skin barrier, replenishing lost oils); avocado oil butyl ester (gentle and effective skin oil control agent, reducing oil secretion to achieve oil-water balance); instant oil dissolution, 0 emulsification, 0 residue.

【Fragrance type】 Multiple fragrance options

【effect】

- Dissolves oil and grease.
- Moisturizes and nourishes, protecting sensitive skin and building a skin barrier.
- Gentle and effective oil-control agent, reducing oil secretion to achieve oil-water balance.

/// Ear cleaning solution

【Specification】 100ml

【Main ingredients】 Gentian root, bamboo charcoal water

【Selling points】 Natural herbal formula – gentler; effectively eliminates mites – maintains ear canal hygiene and health; in-ear application – safe and easy care process; prevents ear diseases – fast-drying formula isolates the environment for bacterial growth.

【Fragrance type】 Multiple fragrance options

【effect】

- Effectively suppresses mites
- Prevents ear diseases and effectively eliminates odor

/// Pet fur conditioning shampoo set

【Specification】 100ml/380ml/2000ml

【Main ingredients】 Sophora root, honeysuckle, gentian, cactus

【Selling points】 Repairs skin and strengthens hair; Sophora flavescens (clears heat and dries dampness, treats acne and removes fungal infections); Lonicera japonica (relieves heat and toxins); Gentiana scabra (relieves itching and eliminates dampness); Cactus (antioxidant, treats burns and disinfects).

【Fragrance type】 Multiple fragrance options

【effect】

- Repairs skin and strengthens hair.
- Targets external skin problems (fungal/bacterial infections, ringworm, pyoderma, dandruff and itching, skin sensitivity and injuries, burns (including clipper burns), dermatitis, eczema, etc.)

/// Deep cleansing shampoo

【Specification】 60ml/480ml/3750ml

【Main ingredients】 High-purity, cosmetic-grade hyaluronic acid molecules

【Selling points】 High-purity ultra-fine hyaluronic acid molecules; skin and hair cleansing technology – deep oil and dirt removal; skin soothing factors – gentle on the skin, soothes dry and itchy skin.

【Fragrance type】 Multiple fragrance options

【effect】

- Highly effective penetration, efficient oil removal and cleansing, and superior moisturizing.
- Deeply removes oil and dirt, and soothes dry and itchy skin.

/// Miracle Water

【Specification】 100ml

【Main ingredients】 Marshmallow extract, bamboo charcoal water

【Selling points】 Repairs hair follicles and promotes the growth of healthy hair

【Fragrance type】 Lightly fragrant type

【effect】

- Effectively repairs various types of damaged skin.
- Relieves various skin discomforts caused by harmful substances.

/// SPA Balancing and Repair Cream

【Specification】 60ml/1000ml

【Main ingredients】Hydrolyzed collagen, Centella asiatica, honeysuckle, mint, and Sophora flavescens extracts

【Selling points】Balances skin's oil and moisture levels, enhances skin's resistance; deeply repairs the skin and nourishes damaged hair

【Fragrance type】 Lightly fragrant type

【effect】

- Balances skin's oil and moisture levels, enhancing skin's resistance.
- Deeply repairs skin and moisturizes damaged hair.
- Effectively protects the epidermal cell membrane structure.
- Regulates pet's skin to achieve a balanced state and strengthens its resistance to allergies.
